

PLEDCO Strategic Plan 2016-17

Summarized Version

*Facilitation and Report by Vince Bruni-Bossio and Brooke Klassen
Open Circle Strategies Inc.*

Executive Summary

On December 3 and 4, 2016 the Primrose Lake Economic Development Corporation (PLEDCO) Board and ED held a two-day strategic planning session at Four Points Sheraton Hotel in Saskatoon, SK to conduct a situational analysis of PLEDCO and create goals and objectives for the next year. Vince Bruni-Bossio and Brooke Klassen co-facilitated the workshop and tracked information for report writing. Prior to the session, interviews were conducted with the attendees to determine 'Key Discussion Points' for the strategy session. This report highlights the findings and strategy from that session.

The PLEDCO Board reviewed the vision statement developed in 2014 and agreed to the wording change shown below to better reflect the aspirations of the organization.

PLEDCO Vision

PLEDCO will be a driving force ~~instrumental~~ in the growth of a thriving economy in the North West Region.

The PLEDCO Board reviewed their current mission and agreed that it continues to reflect the purpose of their organization.

PLEDCO Mission

To facilitate economic development through support of entrepreneurship, strategic partnerships and collaborations in the North West Region.

A review of the strategic plan from 2015 reveals PLEDCO has been effective in ensuring that community members have access to training through the introduction of a business incentive program. PLEDCO has continued to collaborate with economic development agencies and other partners to ensure that economic development goals in the four communities are factored into PLEDCO's mission. The organization faces the ongoing challenge of both deciding and justifying which projects to fund.

To ensure that the four communities feel consulted on major changes it was agreed that quarterly shareholder meetings would be held between the members and the Board. PLEDCO has become a role model for best practices in economic development and will continue to engage with other agencies in the broader region as opportunities present themselves.

There has been significant improvement in terms of the communication with communities and their satisfaction with PLEDCO. The Board indicated interest in having the Executive Director identify training needs in the communities along with available opportunities. The Board is also interested in measuring the effectiveness of PLEDCO's grant programs. PLEDCO's partnerships with other agencies to build capacity allows them to access increased knowledge and support for entrepreneurs. For example, PLEDCO refers entrepreneurs to Beaver River Community Futures as part of the Business Incentive Program. This program evolved from the primary producers' program for trappers, fishers and wild rice farmers.

Currently, the PLEDCO Board has allocated \$20,000 in their annual budget for scholarships. In the past year the committee awarded 10 at \$1,000 for individuals and 2 at \$2,000 for businesses. The committee will consider allocating the entire budgeted amount to fund additional scholarships or use the remaining funds for another special initiative such as a youth entrepreneurship scholarship fund.

The PLEDCO Board reviewed and agreed to amend the criteria/general guidelines used to evaluate applications for potential business ventures. Currently, there is no threshold for making the decision; an application does not have to align with a certain number of criteria. Going forward it is important that decision making is transparent and clearly communicated to the communities.

The PLEDCO Board discussed the criteria they could use to evaluate applications for infrastructure development. In principal, they agreed to a four-way split of the money available in the infrastructure fund which is not allocated to other projects (approximately 60% of the money in that fund). If a community does not access the funds, they will be held in trust until the community moves forward with a project.

Over the past few years, PLEDCO has made a significant investment in PRC, most recently to support the development of service station at Beauval junction. The Mayors and Board agreed that it is important to re-establish communication with PRC for a better understanding of how projects can move forward. At the session the Mayors of the four communities appointed Nick Daigneault, Mayor of Beauval, to act as the official liaison between PRC and PLEDCO.

The Board reviewed the financial statements for the 2015-16 fiscal year that ended March 31, 2016. The proceeds from the trust were down 21% but cash at the end of the year was up significantly. In addition, expenses exceeded revenue in 2016, reducing the overall fund balance by \$208,896. This could be due in part to the time lag from when grants are approved to when the funding is distributed. Overall, there is a positive fund balance at the end of the year of \$724,473.

The strategic 'Key Focus Areas' were amended by the PLEDCO Board as shown below and incorporated into a strategic work plan for the next year.

1. COMMUNITIES

- a. Training
- b. Entrepreneurship
- c. Scholarships
- d. Supporting Municipalities

2. ECONOMIC DEVELOPMENT AGENCIES

- a. Community Economic Development Agencies
- b. PRC
- c. Other Partners

3. BROADER REGION

- a. Relationships

4. ORGANIZATION and BOARD

- a. Internal Infrastructure
- b. Governance

PLEDCO Goals, Objectives and Action Items

In the session, PLEDCO developed a one-year strategic work plan to align directly with the 'Key Focus Areas' listed above. The work plan below includes the goals, objectives, actions items, rough timelines and key resources for all objectives. Having this detail included in the strategy will ensure that PLEDCO can complete and track all action items.

IMPORTANT NOTE:

The Board agreed that the work plan presented below should be reviewed quarterly with the ED to ensure clarity on the strategy and to understand any challenges that may impact on the achievement of various objectives. This discussion will also ensure that the Board can advise the ED on how to meet challenges.
